Covisint Terms and Conditions for the use of the GM SupplyPower Steps: 1 2 3 4 5

[Printer-friendly version](#)

AMENDMENT TO GENERAL MOTORS SUPPLYPOWER TERMS OF USE
Effective as of August 1, 2017

Reference is made to the GM SupplyPower Terms of Use, Published April 2017 ("Terms of Use").
In March 2017, General Motors Holdings LLC ("GM") announced that it had reached agreement with Peugeot S.A. ("PSA"), subject to certain conditions and approvals, for the sale of GM's Opel and Vauxhall business, including certain assets and related subsidiaries in Europe (collectively, "OV"). As of August 1, 2017 (the "Closing Date"), GM and OV will be two separate legal entities, and it is anticipated that OV will be merged into the PSA business group (OV and PSA are individually and collectively referred to herein as, "PSA/OV"). There will, however, be a time of transition, during which, GM, PSA/OV, and their respective suppliers will share use and access to GM SupplyPower to ensure that the lines of communication remain open with their respective suppliers. This sharing of the GM SupplyPower will be temporary, and we will advise you of any changes in the months ahead. Effective as of the Closing Date, until further notice, the Terms of Use are amended as set forth below. To continue use of GM SupplyPower, you must agree to these amended terms of use. Any capitalized terms not defined within this Amendment have the same meaning as described in the Terms of Use.

Amendment

- Use of GM SupplyPower in relation to work performed for PSA/OV shall not make You a supplier for GM. Likewise, the use of GM SupplyPower in relation to work performed for GM shall not make You a supplier for PSA/OV.
- You acknowledge that both suppliers of GM and suppliers of PSA/OV shall have access to GM SupplyPower and may therefore have access to, or publish, information that does not pertain to You, and may also publish or have access to information that pertains to You that does not pertain to other suppliers that have access to GM SupplyPower.
- Except as to Section 1.4 and the last two sentences of Section 1.10, all references to GM in the Terms of Use shall be deemed to include reference to PSA/OV, as applicable. PSA/OV is a third party beneficiary of the Terms of Use and PSA may enforce the GM SupplyPower terms against You. Notwithstanding the foregoing, GM retains sole authority to revise and amend the Terms of Use and may do so without regard to any affect upon PSA/OV. You will use information obtained from GM SupplyPower solely for the purpose of conducting business for either GM or PSA/OV, as applicable, and as to which you are under contract.
- Questions pertaining to the data collected, used or shared by PSA/OV from GM SupplyPower should be directed to the PSA/OV representative.
- The Terms of Use remain in full force and effect, as amended herein. All terms of the Terms of Use are incorporated as if fully set forth herein.
